On-Farm Safety Seminar

The WSCGA and the Education Committee are excited to announce an On-Farm Safety Seminar. The Education Committee has identified farm safety as an important concern to cranberry growers. This event has been developed to provide growers with information on topics significant in day-to-day operations on the marsh.

Presentations on respirator info, fork-equipped machine safety, and general farm safety/ergonomics/heat stress are planned. Additionally, respirator fit testing will be offered throughout the event – registration is required. *For fit testing please check in at the registration table upon arrival and return at your designated testing time.*

- Date:** May 5, 2017
- Time:** 9am-12pm
- Location:** Russell Rezin & Son
27685 County EW
Warrens, WI 54666
- Topics:** Respirator Information
Fork-Equipped Machine Safety
General Farm Safety / Ergonomics / Heat Stress

*** Registration begins at 8:30am**

Since the workshops will be held on the marsh, growers are encouraged to bring along a chair. We hope you will join us to learn important tips and techniques that you can take back to apply on your marsh!

On-Farm Safety Seminar Registration
